

Amgen Biotech Experience

Scientific Discovery for the Classroom

ABE NEGOTIATED PRICES/DISCOUNTS

We hope that these products will help simplify your work and strengthen the lab experiences for students. Many sites are contacted by companies with new products that they think will benefit ABE, and we are always looking for ways to support your programs, so please share with us so that we can initiate discussions with vendors that will apply across program sites. Please use the [ABE forums](#) as a place to discuss your experiences with new equipment and materials, and to find support for your efforts.

COMPANY	PRODUCT	ABE PRICE/DISCOUNT	ORDERING INFO
Amplius http://www.minipcr.com/	miniPCR™ thermal cyclers, blueGel™ Electrophoresis, DNA Discovery System™, Gyro™ 10,000 microcentrifuge	miniPCR has agreed to honor bulk pricing of \$599 per miniPCR™ unit for all ABE sites (no matter the number of units purchased), a 25% discount. Special ABE Site pricing for other products is also available. All sales are backed by a 1-year warranty, and a 30-day return period with no questions asked. The software and support are all free and available on the miniPCR website .	Orders can be placed by email: orders@minipcr.com or fax: (888) 317-0512. Reference ABE in the subject line.
Biotium https://biotium.com/	GelRed and GelGreen	Biotium offers a 40% discount to ABE program sites in the United States and Puerto Rico. <i>For the United Kingdom and Ireland, the ABE PO would need to order for you and then ship to you. It may be worthwhile to check with your distributor to see if they will offer the same 40% discount. We are happy to connect directly with the distributor and try to negotiate this discount, if you want to pass along the name/contact information.</i>	Order Item #41003 for GelRed and item #41005 for GelGreen.
